Of the California-bound persons, the great majority come from points east of the Mississippi river. The middle west supplies about half of these, and the Atlantic states the other half.

During December, possibly at the first of the month, the road will put on the new Los Angeles-Chicago express. The train will inaugurate the ten-hour reduction in time from Los Angeles to Sait Lake. Its equipment, supplied by the Sait Lake Route and the Union Pa-cific, will be even superior to that of the Overland Limited of the latter road. Of the heavy west-bound travel, some is now bound to Nevada mining points. Activity in Nevada, according to Salt Lake Route officials, is awakening with and sewer system as planned by the Activity in Nevada, according to Salt present administration, while others are Lake Route officials, is awakening with too busy with politics to meddle with the advent of fall. Prospectors are going out and coming in, and shipments of goods are increasing.

A peculiar local traffic to which Salt Lake City has paid little attention, though it is big and marks the coming of a new town just west of the city limits, is now going on over the Salt Lake Route. Garfield Beach and vicin-Lake Route. Garfield Beach and vicinity are getting and giving this travel. Men come and go on commutation tickets to the scene of the activity in railroad and smelter construction. Every morning a large crowd leaves the Salt Lake Route station, and every evening a similar crowd returns. Already the construction camp at the smelter site has nearly 1,000 persons, and before winter is over the place will begin to take on the aspect of a perma-

MANY TEAMS AT WORK.

Four hundred teams are now working on the Western Pacific near Garfield. Several miles of grade are now com-pleted. The number of men and the size of the outfits on the contracts are being steadily increased.

Of the teams, about one-third are beof the teams, about one-third are be-ing used for freighting. The work is moving smoothly and all indications point to the completion of the 175 miles of road at this end before the begin-

ning of next summer. At Silver Zone mountain, where the long tunnel is to be bored, a "shoofly" track will be built about the hill and will be used until the completion of the bore. Supplies for this part of the work and ultimately for much of the rock work further west will be shipped from Salt Lake City, and the biggest activity will probably begin in about six months from now.

To Photograph Utah Scenes. C. W. Bean, private secretary to Major S. K. Hooper of the Rio Grande system, and well known as a scenic photographer, arrived in Salt Lake yesterday on a visit to capture views in this part of Utah. Mr. Bean will visit Park City, Ogden canyon, the Hot Pots and other spots of scenic interest along the road and its branches. The pictures will be used by the road in advertising the beauties of Utah.

#### Physically Exhausted.

Members of the company now recall that Sir Henry showed signs of ex-haustion and overstrain during the past week, which did not attract particular attention at the time.

During the performance of "The Bells" at Bradford Thursday, the veteran actor delivered, many passages seated, instead of his customary free-dom of movement on the stage. Once or twice last night toward the close of the performance, Sir Henry was seen to support himself on the stage, but in response to the recalls of the audience, he appeared before the curtain and ac-knowledged the cordiality of his re-

#### Flags Half-Masted.

Flags are half-masted over the town hall and other public buildings at Bradford today, and telegrams are pouring n from all parts of the country. In view of the doctors' certificate the coroner has decided that an inquest is not necessary, and it is expected that the body will be brought to London to-night. No definite funeral arrange-ments have been made, but the family is understood to desire to have them
